The fair will be open afternoons and evenings of next Wednesday and Thursday. The names of the committees and the regular order of exercises, program, etc., will appear in this column on Saturday of this week; buy The Times and look for it and read it, and plan to attend the biggest and best grange fair ever held in Williamstown, or, possibly, anywhere else.

Both were seniors at the seminary and would have graduated next summer. The groom has a good position in the southern part of the state and will go there immediately.

At the city council meeting last night Chief Warden reported that the fire alarm system was in bad shape as the wires were twisted and laid across other wires so that a number of the boxes will not register an alarm. The school committee reported that they need \$30,000 at once to settle for the land they were to buy and on Mayor Dawley's suggestion a motion was made to sell the bonds in this city, and this was carried.

TOO HIGH!

Some people have the idea that the cost of Electric Light is too high—that it is expensive. Look at it this way—If it is safer, cooler, cleaner and more cheerful and convenient than any other illuminant, isn't it worth more to you?

We can easily show you that our rates are fair as compared with other cities and lower than in many. And our service is constant and sure. The lights always burn.
